Who can join a Medicare Part D plan?

To join Cigna-HealthSpring Rx (PDP), you must be entitled to Medicare Part A, and/or be enrolled in Medicare Part B, and live in our service area which includes all 50 states, the District of Columbia, Puerto Rico and the U.S. Virgin Islands.

Are my drugs covered?

See "Drug List" section on inside cover.

How will I determine my drug costs?

The amount you pay for a medication depends on what tier the drug is grouped under and what stage of the plan benefit you have reached.

Drug Tiers

Our plan groups each medication into one of four "tiers" –

Tier 1. Preferred Generic

Tier 2. Preferred Brand

Tier 3. Non-Preferred Generic and Brand

Tier 4. Specialty Generic and Brand

Use the plan formulary (drug list) to determine your medication's drug tier.

Benefit Stages

Medicare Part D coverage has four benefit stages - Deductible (if applicable), Initial Coverage, Coverage Gap, and Catastrophic Coverage.

Stage One: Deductible

- If this applies to you, you pay the full cost for your drugs until you reach your deductible.
- This may not apply to you, review Section 3 for more information.

Stage Two: Initial Coverage

- Begins after you meet your deductible (if applicable).
- You pay a copay or coinsurance for covered drugs.

Stage Three: Coverage Gap (also known as the "Donut Hole")

- Begins after your <u>total</u> yearly drug costs what the plan has paid and what you have paid – reaches \$4,020.
- You continue to pay the same amount as you paid in the initial coverage phase.

Stage Four: Catastrophic Coverage

- Takes effect when your yearly <u>out-of-pocket</u> drug costs – what you paid at your retail pharmacy or mail order – reach \$6,350.
- The plan pays most of the cost of a covered drug.
- You pay a small amount or up to 5% of the cost.

Which pharmacies can I use?

You can see our plan's pharmacy directory at our website CignaMedicare.com/group/PDPresources, or you can call us and we will send you a copy of the pharmacy directory.

We have a pharmacy network that includes over 67,000 pharmacies. You must generally use these pharmacies to fill your prescriptions for covered Part D drugs.

You may also get drugs at an out-of-network pharmacy. You will pay 40%/40%/40%/40%, <u>plus</u> any amount that the out-of-network pharmacy billed that is higher than our typical standard retail pharmacy billed charges.
