February Safety

ESFi Heat Your Home Safely

32% of home heating fires are caused by space heaters.

MORE HOME FIRES OCCUR during the cold winter months than at any other time of year.

Make Sure to Follow These Important Tips Before You Plug In

- PLACE** space heaters on a flat, level surface, away from high-traffic areas.
- PLUG** a space heater directly into an outlet and avoid using an extension cord.
- NEVER LEAVE** space heaters unattended.
- ONLY USE** space heaters with the certification label of a nationally recognized testing lab.
- DON'T USE** a space heater if the plug is broken or the cord is frayed, worn or damaged.

Four Home Heating Tips to Live By

- 1 KEEP ANYTHING THAT CAN BURN** at least three feet away from a heating source. **3ft**
- 2 HAVE YOUR HEATING SYSTEM** inspected annually.
- 3 KEEP VENTS CLEAR** of dust and debris.
- 4 INSTALL CARBON MONOXIDE (CO)** alarms to avoid the risk of CO poisoning.

There are vacancies on the 1st shift van pool from Topeka to Lawrence. Contact Kim @ 3-0128 for more information.

Thank You

Thank you for all the cards, prayers and caring thoughts and words during the recent passing of my grandson, Rhyndhardt. Elizabeth Eissler (Foil Stamp)

To those of you who shared a kind word, sent a card, or expressed condolences via text message and/or Facebook, thank you for your kindness during the tragic loss of my nephew. Your support during a very difficult time was greatly appreciated. Kerri Barker (Department E)
