

“Duck Dynasty” has landed in Leavenworth

Product Feature: Duck Dynasty Roll wrap and Tissue

Some of you may have seen the Robertson family as they have made their appearance in the Leavenworth giftwrap department. In the last month, we have started production on a roll wrap and tissue design featuring the beardy owners and operators of Duck Commander, a successful duck hunting supply company in the Louisiana bayou.

Hallmark has entered a multi-year licensing agreement with A+E Networks Consumer Products, giving the company rights to images, quotes and sound clips from the network's top-rated program, "Duck Dynasty."

Beginning in mid-September, a full display of Duck Dynasty cards, gifts, books, gift wrap and plastic cups will be available in Walmart through the holiday season. In addition, later this year Duck Dynasty products also will expand into Hallmark Gold Crown, H-E-B, Kroger and Kohls, and potentially other retailers as well.

We are happy to play a ‘roll’ in this new program and hope the designs fly off the store shelves!

Welcome!

Welcome to Jane Martin,
RN Occupation Health Nurse

“Jane has been a nurse for 35 years. She and her husband, who is retired military, moved to Leavenworth from Vancouver, WA and bought a house here in 2010. She has 2 adult sons who are currently deployed. She is looking forward to helping the plant employees meet their health and wellness goals. Please come by and see her!

New Overwrapper for Giftwrap

A new overwrapper was recently purchased for the Multi-Roll Line here in Leavenworth and should arrive in August. This new wrapper will increase our speed and capabilities as we can now run up to 6 rolls per retail of both 40” and 30” product whereas the old line is only able to run 30” rolls at a maximum of 3 rolls per retail. The largest benefit of this new wrapper is that it eliminates the usage of PVC from our facility. This is important because in recent years, many retailers (especially in the western states) have stopped allowing PVC in their stores.
